

Human A Different Way BIPOC Discount policy:

Human A Different Way recognizes the injustices perpetrated onto Black, Indigenous, and People of Color by the white race throughout recorded history. In an effort to encourage awareness of white privilege, and the ramifications of these injustices, HADW offers reparations in the form of discounted services. This does NOT apply to merchandise. The discounted rate may vary by service or practitioner as needed to ensure business costs are properly managed.

BIPOC membership status must be visible to receive the discounts.
